*[a far door opens quickly, the hydraulic pistons groaning as the metal doors are pulled asunder]*

*[a large, dark shape flies from the door as another figure explodes across the ground with a huge booming sound, and immediately two figures explode in a pile of blood and wood]*

*[the camera person zooms upward, shakily]*

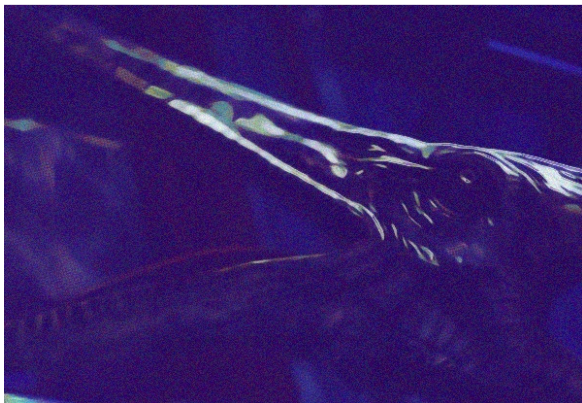

Wendel: Man, get the hell out of here! They see us!

Wendel: Hey, take it easy! I didn't see nothing. I don't know nothing.

*[loud thump followed by a louder, wetter thump in the distance]*

*[video ends with the crunching of the camera]*
